LITTLE CHANGE IN FEVER SITUATION

Federal Officials Report Progress In Their Work.

STEADY DECREASE IN DEATHS

They Believe They Can Control Yellow Jack—Every Effort Will Be Used to Prevent Further Spread of the Dreaded Disease.

New Orleans, August 12 —There were twelve new cases of yellow fever and three deaths reported by the board of health here.

New Orleans, August 12.—Except for reports of the steady progress of the work of the federal authorities in their effort to get in touch with every nook and corner where disease may exist, the fever situation here was barren of developments today. As the days pass with a steady decrease in the death percentage the feeling of optimism increases. Frost rarely if ever appears in New Orleans until December, and the health authorities have therefore ample time to demonstrate that a serious visitation of yellow fever is controllable. They continue confident their ability to prove it.

The employment of a large number of people in sanitary work has naturally given some opportunity to thieves and dishonest characters to find occupation and some instances have been reported of thefts where the thieves represented themselves as engaged in the cleaning up movement. Residents have been warned to permit only those persons to enter their premises who are equipped with written authority from the board of health and the federal authorities

Reports compiled by Dr. Warner show that a vast amount of work has been done in the matter of screening cisterns. Landlords and property holders have been equipping their cisterns with cheesecloth. The territory above Canal street reports are of a marked disappearance of mosquitoes. In connection with the crusade against the mosquito an effort is to be made to have all householders to pledge themselves to burn sulphur in every room of their homes within the next week.

The fever situation shows no material change, though the record of new cases in the preceding 24 hours is high water mark during the present visitation. The federal surgeons are not in the least surprised at the number, and Dr. White expects a large report daily for some time yet. He believes that the totals in the last few days indicate that the physicians are falling in line and reporting their cases and he expects as a result that the extraordinary work which is being done will begin to show much earlier than might otherwise be expected. As long as the deaths are kept down the authorities will be free from alarm over the situation.

No Cases at Insane Asylum.

Some concern has been felt about the state insane asylum at Jackson, La., where there are 1,500 inmates, but Superintendent Hayes reports that there is not a single suspicious case there. The asylum has been thoroughly disinfected and every precaution has been taken to destroy the breeding places of the stegomyia. In connection with the asylum a reflection on the country quarantines is shown in the recent escape of a patient. The man got away five days ago, penniless, and has now been found at the opposite end of the state, having crossed a number of rivers, roads and parish lines without being obstructed by the quarantine guards.

Though the wholesale grocery and other houses here have suffered severely by the quarantines which have closed many towns to them it is announced that they have decided to reduce no salaries nor to cut down their forces. Drummers in the country who are unable to more from place [illegible] have been notified that they the certificates of the marine hospital service. Doctors and physicians of Natchitoches have addressed the parish and municipal health boards and asked them to obey the proclamation of the state board of health.

Towns in St. Landry parish are also falling into the line and the Southern Pacific is beginning to resume service to that parish.

Dr. Tichenor and the yellow fever nurses sent from here are at Bon Ami, and confidence is being restored there. Conditions are not as bad as they were expected to be found. There have been no new cases and the two cases under treatment have been segregated and screened .The negro population of Franklin, La., the home of Senator Foster, have set a fine example. They have held a mass meeting and volunteered to clean the whole town under the supervision of a white foreman.

Reports from Texas say that Dr. Tabor has no wish to bar freight from here carried by the Southern Pacific, but that passengers are slipping across the line ond freight trains and that if he does not put a stop to the practice, there will be a revival of the embargo against freight. The officials are to investigate the matter.

Educational meetings continue here and are largely attended. The woman's league is arranging for a number of lectures in Italian and French in the foreign neighborhoods. Linguists among the physicians have volunteered to deliver the addresses.

Cutter Ordered to New Orleans.

Mobile, Ala., August 12.—Pursuant to orders from Chief Ross, of the revenue cutter service at Washington, the revenue cutter Alert left here this afternoon for New Orleans, to assist in the stamping out of the yellow fever and engage in the service of patrolling the waters in the vicinity of coast towns. The Alert is in command of Lieutenant Rock.

GOTHAM FEARS TYPHOID FEVER.

Health Department Urging Strict Methods to Check Its Spread.

New York, August 12.—The fear that this city will have a severe siege of typhoid fever which might not be checked until cold weather, sets in, caused the health department yesterday to issue a statement as to the nature as to the rules for checking its spread.

According to the medical officer of the department there were during the year up to the beginning of the present month. 1,496 cases of typhoid and 305 deaths in Greater New York. In proportion to the population there have been more cases and more deaths in Brooklyn than in any other borough, which is attributed largely to the contamination of the water supply in that borough, although it has been stated that an examination of the water shows no typhoid fever germs.

More than 100 cases of typhoid are being treated in hospitals in the southern section of Brooklyn. A house to house canvass for cases of typhoid was begun yesterday in one ward.

Charged with Intimidating Witness.

Augusta, Ga., August 12.—Walter and Clarence Rhodes, charged with intimidating a United States court witness at Hepzibah last Saturday, was given a preliminary hearing before Commissioner Lane this morning and were bound over to the United States court in the sum of $3,000. The bond was given. Evidence was to the effect that the two young men had threatened J. B. Freyer, main witness against their father, Ab Rhodes.

To Run Home Visitors' Excursions.

Chicago, August 12.—The executive committee of the Western Passenger association, at a meeting held here yesterday recommended to the association that roads may run one home visitors' excursion this year at a fare of one and one-third for the round trip. Such excursion to be run either Oct. 31 or Nov. 1, 1905.

Bennington Inquiry Completed.

Sandiego, Cal., Aug. 12.—The court of inquiry in the Bennington disaster has completed its investigation and the members will now prepare their report. This will be presented to Ad[illegible]

ENVOYS AWAITING THE CZAR'S REPLY

Japanese Terms Communicated to St. Petersburg.

CONFERENCE AT A STANDSTILL.

It Is Reported that Japan's Terms Will Neither Be Accepted Nor Rejected, but that Terms Will Be Taken Up by Piecemeal.

Portsmouth, N. H., August 12.—With the Japanese terms of peace under consideration by the emperor at St. Petersburg and the Russian plenipotentiaries awaiting the word of his majesty before completing the draft of their response, an enforced pause has come on the proceedings of the peace conference.

The tallyhos and automobiles which reported at the entrance of the Wentworth hotel at the usual hour this morning were sent back to their quarters. The heat was sweltering and Baron Komura and his colleagues remained closely in their rooms. They have figuratively folded their arms and await the Russian response. M. Witte was at work early and with his secretaries busily engaged in the deciphering telegrams from St. Petersburg before 8 o'clock. All the threads are in his hand. He controls and directs everything on the Russian side. His colleague Baron Rosen, accompanied by Mr. Pokotiloff, toured into Portsmouth with an automobile to do some shopping. Baron Komura and his entourage are content to give the other side all the time required. At the meeting yesterday M. Witte promised to give a response at the earliest possible moment. They readily accepted this answer and did not suggst fixing a time limit.

Among them a feeling of relief seems to be manifested that the events of yesterday are already history. They have patience and know how to wait.

Among the Russians it is already aparent that the Japanese terms especially those asking Russia to foot the bill for the cost of the war, cession of territory and to put a limitation upon their naval forces in the Far East are considered absolutely unentertainable. On these points the Russian answer is sure to be non possimus.

Nevertheless this will not end negotiations. M. Witte is sincerely desirous of making peace and the Russian reply plainly stating what points can and what points cannot be accepted as the base of negotiation will leave the way open for further proposals and counter proposals. The Russians will doubtless like to proceed by a process of elimination agreeing to some and rejecting or making counter proposals to others. But the Japanese are not expected to agree to enter upon the diplomatic game of give and take until after the general principles are accepted. Their rejoinder to the Russian reply is expected to be practically an ultimatum—a statement of their irreducible minimum which they will ask the Russians to take or leave. As far as the cost of the war is concerned while the Japanese have mentioned no sum, it is known that they estimate the cost to date at about $650,000,000. The advantage from this point of view of not naming a fixed sum is that it makes clear that the principle of money compensation which they have adopted is the cost of the war, which will keep up at the rate of about $1,000,000 a day as long as the war continues.

The publication of the Associated Press dispatches giving the Japanese conditions created a great flurry in the hotel among the guests and newspaper men who had only been able to guess at the terms.

M. Witte Denies Report.

M. Witte this morning explained to the Associated Press correspondent that he had written the reply during the night in Russian and that the secretaries were now engaged in translating it into French and English. The revised document, he said, would probably be ready by 4 o'clock this afternoon, and it might be possible to do [illegible]

Full Report at St. Petersburg.

St. Petersburg, August 12.—Every step in the negotiations at Portsmouth is fully reported here. The reply of Ambassador Witte is to be presented tomorrow morning to the Japanese and will neither be an acceptance nor a declination of the conditions, which Baron Komura has presented, but will be an invitation to the Japanese plenipotentiaries to consider the terms in piecemeal. Some of the terms are satisfactory to Russia and others must be modified or eliminated, if there is to be an agreement at this time.

CHINESE BOYCOTT SPREADS.

It Has a Bad Influence on Foreign Trade Generally.

New York, August 12.—The boycott of American trade has spread far beyond the anticipations of its early supporters, says a Shanghai dispatch to The Times. It is now regarded with serious fear by the Chamber of Commerce, which sees in its a bad influence on foreign trade generally. The demands of the agitators include the repudiation of forward contracts for American goods which it is calculated will affect prominent native dealers heavily involved in such transactions.

The campaign is being fostered by meetings, leaflets and unanimous native pressure. The official publication of President Roosevelt's message insuring the Chinese travelers and students admission to America and courteous treatment has been without effect.

A significant feature of the movement is its lack of success at Tien Tsin and in the northern provinces.

Mothers' Congress at Work.

Philadelphia, August 12.—To start the national work in seven states is the object of the six weeks' trip in the interest of the varied work of the national congress of mothers which begun today with the departure from this city of Mrs. Frederick Schoff, president, and Mrs. Edwin C. Grice, secretary of the national organization. The two leaders will go directly overland with brief stops at Chicago and Denver, then Portland, Ore., when the first public meeting will be held on Aug. 18 for the organization of the workers, and the discussion of juvenile court methods, the anti-Mormon movement, child study, the care of defective children, and the co-operation of home and school. The meeting will be under the auspices of the home training association of Portland.

Explorer to Wed Southern Girl.

New York, August 12.—News of the rescue of Anthony Fiala, head of the second Zeigler expedition in search of the north pole, carried the announcement by his family in Brooklyn of his engagement to Miss Clara Puryear, of Nashville, Tenn. The southern girl promised on the day Fiala's expediton sailed to be his bride, but the engagement was kept a secret pending news of his return.

Insane Mother Drowns Child.

New Albany, Ind., August 12.—Mrs. Chester Winstanley, while temporarily insane, drowned her eight-year-old daughter, Ruth, by forcing her into and holding her under the water in a bath tub. Seizing a pistol, she shot [illegible] mortally wounded her husband and then swallowed a quantity of carbolic acid, dying an hour later. Mr Winstanley may recover.

Forest Fires Raging in Montana.

Butte, Mont., August 12.—Advices from western Montana say that forest fires are raging near the Idaho line and extensive damage is threatened. The flames are in some of the thickest [illegible] of western Montana, and the [illegible]

TWENTY FIREMEN SEVERELY BURNED

Fire Fighters Are Boiled In Streams of Hot Grease.

PROPERTY LOSS ONLY $50,0000

While Men Were Fighting Fire a 40,000 Gallon Vat of Soap Exploded and the Fire Laddies Had a Hard Time Controlling Fames.

New York, August 12.—Twenty firemen were carried, burned and unconscious from boiling soap, [illegible] of them were badly parboiled, [illegible] in W. H. Daggett's Sons' soap factory, on West Fortieth street.

The vat contained 40,000 gallons of soap fat and exploded after the fire in the three story building had been brought under control. For five hours thereafter firemen fought the flames, crawling on their stomachs on the sidewalks outside the building, unable to stand in a poisonous cloud of smoke which exhaled from the fiery soap greases and continually poured to little rivers of the scorching [illegible] which flowed out of the building.

Water from the first seemed to have no effect on the burning soap and caused them to flow more freely and with greater peril to the firefighters.

After the vats had taken fire Assistant Chief Binns was forced to divide his men into two parties, one to combat the black smoke clouds with hose and the other waiting on the outside in the air to rush in and rescue the fighting comrades whose cries for help came every few minutes.

For an hour Fred Berry fought the fire from the cellar with the scalding grease trickling over him. At last his strength giving out for the first time he screamed for help and Chief Howe, in another part of the building, heard him. Berry was found [illegible] unconscious, drowning in the hot water and was carried to the hospital. Fireman Andrew O'Neill sustained the most serious injuries. When the explosion of the first vat, containing 40,000 gallons of soap liquor, [illegible] several of the members of [illegible] 18 were so near that the explosion knocked them down. They ran out of the building not knowing that Fireman O'Neil was left behind. He was missed, and searchers found him [illegible] on a stairway in a small stream of grease. The fire was then under control and the firemen were carried to the hospitals.

The loss is estimated at nearly $50,000.

Grave Fears for Yacht

Mobile, Ala., Aug. 12.—Grave fears are entertained here for the safety of Theodore P. Shonts' handsome yacht the Marguedora, which left port over a week ago bound for Groton, Conn. The Marguedora is a large tha yacht and has a capacity of about 500 gallons of naphtha. This would require her putting in to some port en route for supplies. According to reckoning, the vessel should have reached one of the Atlantic ports a few days ago, but as yet not a word has been received from her [illegible] Arrangements had been made for the master to report to parties in charge upon arrival at Pensacola. The crew was expected to add another man to the crew. When last heard from the Marguedora passed out of Mobile bar in a howling west gale.

Alabaman Held for Forgery

Montgomery, Ala., August 12. F. C. Pinkston, son of the late [illegible] ston, who was one of the most [illegible] and most highly respected citizens of this section, has been arrested and is in jail on the charge of forgery. It is claimed he secured $4,500 from Marks & Gayle by the forgery of the name of his uncle, T. M. Barnett.

No Ammunition on Ship

New York, August 12.—The [illegible] line steamer Seminole which was detained at San Domingo under the [illegible] embargo on suspicion of carrying a cargo of cartridges, arrived here today. Captain Marmion said that no arms or ammunition had been found on the ship.

ENVOYS AWAITING THE CZAR'S REPLY

Japanese Terms Communicated to St. Petersburg.

CONFERENCE AT A STANDSTILL.

It is Reported that Japan's Terms Will Neither Be Accepted Nor Rejected, but that Terms Will Be Taken Up by Piecemeal.

Portsmouth, N. H., August 12.—With the Japanese terms of peace under consideration by the emperor at St Petersburg and the Russian plenipotentiaries awaiting the word of his majesty before completing the draft of their response, an enforced pause has come on the proceedings of the peace conference.

The tallyhos and automobiles which reported at the entrance of the Wentworth hotel at the usual hour this morning were sent back to their quarters. The heat was sweltering and Baron Komura and his colleagues remained closely in their rooms. They have figuratively folded their arms and await the Russian response. M. Witte was at work early and with his secretaries busily engaged in the deciphering telegrams from St. Petersburg before 8 o'clock. All the threads are in his hand. He controls and directs everything on the Russian side. His colleague Baron Rosen, accompanied by Mr. Pokotiloff, toured into Portsmouth with an automobile to do some shopping. Baron Komura and his enturage are content to give the other side all the time required. At the meeting yesterday M. Witte promised to give a response at the earliest possible moment. They readily accepted this answer and did not suggst fixing a time limit.

Among them a feeling of relief seems to be manifested that the events of yesterday are already history. They have patience and know how to wait.

Among the Russians it is already aparent that the Japanese terms especially those asking Russia to foot the bill for the cost of the war, cession of territory and to put a limitation upon their naval forces in the Far East are considered absolutely unentertainable. On these points the Russian answer is sure to be non possumus.

Nevertheless this will not end negotiations. M. Witte is sincerely desirous of making peace and the Russian reply plainly stating what points can and what points cannot be accepted as the base of negotiation will leave the way open for further proposals and counter proposals. The Russians will doubtless like to proceed by a process of elimination agreeing to some and rejecting or making counter proposals to others. But the Japanese are not expected to agree to enter upon the diplomatic game of give and take until after the general principles are accepted. Their rejoinder to the Russian reply is expected to be practically an ultimatum—a statement of their irreducible minimum which they will ask the Russians to take or leave. As far as the cost of the war is concerned while the Japanese have mentioned no sum, it is known that they estimate the cost to date at about $650,000,000. The advantage from this point of view of not naming a fixed sum is that it makes clear that the principle of money compensation which they have adopted is the cost of the war, which will keep up at the rate of about $1,000,000 a day as long as the war continues.

The publication of the Associated Press dispatches giving the Japanese conditions created a great flurry in the hotel among the guests and newspaper men who had only been able to guess at the terms.

M. Witte Denies Report.

M. Witte this morning explained to the Associated Press correspondent that he had written the reply during the night in Russian and that the secretaries were now engaged in translating it into French and English. The revised document, he said, would probably be ready by 4 o'clock this afternoon, and it might be possible to deliver ries at 5 o'clock, but in order to cover unexpected contingencies, he had notified Baron Komura that it would be ready tomorrow morning.

M. Witte took occasion to deny the current report that the answer had been dictated in St. Petersburg. He explained that his powers were such that it was not necessary for him to await instructions from St. Petersburg or Peterhoff. Naturally, the chief Russian plenipotentiariary has been in communication with his imperial master, but M. Witte has himself written the reply.

Full Report at St. Petersburg.

St. Petersburg, August 12.—Every step in the negotiations at Portsmouth is fully reported here. The reply of Ambassador Witte is to be presented tomorrow morning to the Japanese and will neither be an acceptance nor a declination of the conditions, which Baron Komura has presented, but will be an invitation to the Japanese plenipotentiaries to consider the terms in piecemeal. Some of the terms are satisfactory to Russia and others must be modified or eliminated, if there is to be an agreement at this time.

[illegible] rangements had been made [illegible] master to report to pay [illegible] upon arrival at Pensacola [illegible] was expected to add another [illegible] to the crew. When [illegible] the Marguedora passed [illegible] bar in a bowling [illegible].

Alabaman Held for Forgery.

Montgomery, Ala., August 12—[illegible] Pickston, son of the late [illegible] ston, who was one of the most [illegible] and most highly respected citizens [illegible] this section, has been arrested [illegible] in jail on the charge of forgery. [illegible] is claimed he secured $4,000 [illegible] Marks & Gayle by the forgery of the name of his uncle, T. M. [illegible].

No Ammunition on Ship.

New York, August 12.—The [illegible] line steamer Seminole, which was detained at San Domingo under the embargo on suspicion of having a cargo of cartridges, arrived here today. Captain Marmion said that no arms or ammunition had been found on the ship.

MELTON A HEAVY LOSER ON LUMBER

One Million Two Hundred Thousand Was Burned Thursday.

THE AGGREGATE LOSS GREAT

It Will Amount to About $15,000 and it Has Been Stated That the Owner Carried No Insurance—Mr. Melton Received Information in Georgia.

The Micanopy section has been visited by another disastrous fire and C. E. Melton was the victim for the second time within three months. The lumber yard of Mr. Melton, together with all its contents, was destroyed by fire early Thursday morning, when the stock on hand, 2,220,000 feet of boards and lumber, valued at $15,000, was destroyed.

Mr. Melton seems to be a creature of misfortune. Less than three months ago his fine saw mill plant, one of the most modern in the county, was destroyed by fire, entailing a serious loss. This loss, which was really the saving of the first conflagration, comes as a more severe blow, since it has been stated that there was no insurance on the property, lumber being a transient commodity. The lumber was thoroughly seasoned, with the result that it burned rapidly when a headway was gained.

The origin of the fire is not known, but it has been intimated that it was incendiary.

A strange co-incidence of this event is the fact that Mr. Melton was in Georgia when the conflagration occurred, and when his mill burned he was also spending a short time in that State. He left Micanopy Wednesday for Abbeville, Ga., where he intends joining his family, who are sojourning there. Before he had proceeded very far the lumber was burned, and he received the information while en route at Waycross, Ga., the telegram having been delivered to him on the train. When his mill was burned the information reached him in the same manner.

Friends of Mr. Melton sympathize with him in his misfortune, and if the origin was incendiary it is hoped that he will be successful in running down and punishing the culprits.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

FOOLED THE PEOPLE.

Organ Agent in North Gainesville Worked a Slick Game.

Abraham Lincoln is credited as saying: "You can fool all the people some of the time, some of the people all the time, but you can't fool all the people all the time."

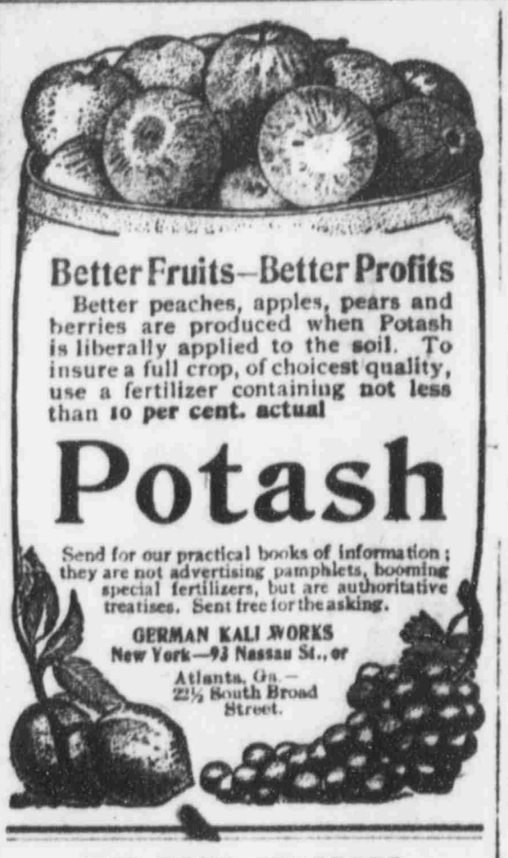
If Abe was living in North Gainesville now, he might retract this statement, for it is said that a shrewd fellow has fooled all the people for all the time.

This fellow visited the various homes in North Gainesville canvassing for the sale of organs, and promised each purchaser that he would give lessons free of charge. He managed to dispose of several instruments, collected the money, and, like the Arab we read about, quietly folded his tent and "hiked off."

The people who purchased organs have the instruments, the man has the money, but if they want to learn to perform upon this melodious instrument they must go to the additional expense of a teacher.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was cured." Guaranteed at



Better Fruits—Better Profits

Better peaches, apples, pears and berries are produced when Potash is liberally applied to the soil. To insure a full crop, of choicest quality, use a fertilizer containing not less than 10 per cent. actual

Potash

THE BOND TRUSTEES.

City Council Names Trustees for Two Important Funds.

The City Council, having passed the educational and sewerage, lighting and street bond ordinances, have elected trustees of these funds as follows:

For educational bond fund—E. Baird, J. S. Bodiford and Christopher Matheson, all for one year.

For sewerage, lighting and streets—W. W. Hampton, five years; H. F. Dutton, four years; S. J. Thomas, three years; W. N Wilson, two years; Perry M. Colson, one year.

These trustees will have charge of all the funds derived for the purposes specified, which will be an assurance that same will be properly handled, as each is a conservative agent. In the hands of these boards the people may feel assured that the funds will be properly and judiciously expended.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

Prospective Elks Meeting.

A preliminary meeting of those who go to make up the charter list of Gainesville Lodge No. 990, Brotherhood Protective Order of Elks, was held in the Masonic hall Thursday evening, and was well attended by the representative citizens of Gainesville, business and professional men. The lodge will be instituted here on Wednesday evening of the coming week, if present arrangements are carried out, and the work will be conferred by a team from Lake City lodge. The Ocala and Jacksonville lodges will also be invited, and a general good time is expected. Officers of Gainesville lodge were nominated, and will be elected as soon as the lodge is organized.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

STABBED GIRL TO DEATH.

Florida Youth Commits Deed and Then Swallows Laudanum.

Jacksonville, Fla., August 11.—In a fit of jealousy W. T. Clements, a young man of good family, of Middlesburg, Fla., stabbed fatally Miss Clara Moseley, of the same place. The stabbing occurred at the home of a friend of the young lady in this city, and after the girl had been out for an evening of pleasure with another gentleman friend.

Clements met the young lady after she had returned, and drew a long dirk, and placing his left arm around the girl's neck, stabbed her three times in the left breast, coming dangerously near the heart. As she was falling, he stabbed her the full length of the dirk blade in the right shoulder, leaving the dirk in her flesh.

The deadly weapon was left in the wound while the man who used it ran and afterwards sought to take his own life by swallowing laudanum.

Clements will recover, but the young lady is beyond help. Clements is now in jail.

Wounded Woman Is Found.

Chattanooga, Tenn., August 11.—Miss Sarah Jackson, the young woman who was stabbed by Charles Carr at Rossville, Ga., walked into Ringgold, Ga., Wednesday. The woman was suffering from cuts in her neck, right shoulder and arm and her clothes were saturated with blood. She spent Tuesday night in a cabin and walked 12 miles across country. She was almost dead from exhaustion when she reached Ringgold. Citizens of Ringgold sent her to her home in Dalton. The cutting was prompted by jealousy. Carr is in jail at Lafayette, Ga.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

Arctic Explorers Rescued.

Honningsvaag, Norway, August 11.—The Arctic steamer Terranova which went to the relief of the Fiala-Zeigler polar expedition has rescued Anthony Fiala and all the others connected with the expedition, with the exception of one Norwegian seaman, who died from natural causes. The ship, America, which took out the expedition, was crushed in the ice early in the winter of 1903-04, and was lost with a large part of her coal and provisions.

Cures Sciatica.

Rev W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

Young Ladies Drown in Whirlpool.

Vancouver, B. C., August 11.—By the capsizing of a boat in a whirlpool at Christina lake, near Grand Forks, B. C., Miss Agnes B. Ruckle and Miss Ida Anderson, were drowned. Three others in the party managed to reach shore in an exhausted condition. Miss Ruckle resided in Vancouver and Miss Anderson's home was in Minneapolis.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Sugar Beet Subsidized.

New York, August 11.—A bill was passed by the Chilean congress yesterday, according to a Herald dispatch to a Herald dispatch from Valpa from Valparaiso, subsidizing sugar beet root producers.

Fiendish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores; guaranteed.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE COTTON CROP WILL BE DAMAGED

Caterpillars and Rain Have Combined to Dishearten Growers.

THE PLANT OPENING RAPIDLY

One Hundred Bales it is Estimated Are Open in the Hawthorn Section, but Rain Has Prevented Gathering—Reports from Other Sections.

The presence of caterpillars in the cotton crop in various sections of the county is causing consternation on the part of the growers. This has added to the recent heavy rains, and that cotton which has opened within the past few days has been badly damaged by the rain.

F. M. Ramsey of Wacahoota, one of the most extensive growers of cotton in that section, states that the caterpillars have almost taken possession of his crop, but he purchased a quantity of paris green and hopes to exterminate the insects by a liberal application of this poison, which is sure death. Mr. Ramsey states that other planters in his section are being damaged by the caterpillar, and if this pest is not destroyed the crop will fail nearly fifty per cent short of the original estimate. The worm made its appearance about two weeks ago, when the cotton was well on to opening, and in this short time has played havoc with the staple.

A prominent grower of the Hawthorn district who was in the city Thursday stated that the crop in his section had been considerably damaged by the rain. There were few caterpillars, but the rains had caused a great loss and the crop will be short if dry weather does not come. He stated that fully one hundred bales of cotton are now open in the fields and damaged so badly that but little of it will be saved. Cotton is opening in that section rapidly, and by the middle of the coming week, if weather conditions are favorable, the gins will be active.

Reports of damage by caterpillars and rains also come from other sections of the county.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

NAVAL STORES DEAL.

Venable & Jones Have Purchased the Wolfenden Turpentine Farm.

Venable & Jones, the naval stores operators and lumber manufacturers, who have been engaged in business at Kanapaha for several years, are branching out, or in other words, extending their business. This energetic firm has just closed a deal for the turpentine farm of Wolfenden & Co., Sampson City, which is one of the best and most profitable in this section. While not as large as many, the yield has been good, and in proportion to the number of crops it may be safely said that this plant is one of the best paying in this section.

Several months ago T. J. Swearingen, who desired to engage in the naval stores and milling business, purchased the interest of Mr. Jones at Kanapaha, and the firm at that point has since been Venable & Swearingen. However, Mr. Jones is a very active man, and was not content to be idle, hence the purchase of the Sampson City property.

The new owners have already taken possession, and the affairs of the business will be managed by Mr. Jones, who is thoroughly conversant with the naval stores business.

Given Up to Die.

[illegible], 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." W. McCollum & Co.

Ayer's

Feed your hair; nourish it; give it something to live on. Then it will stop falling, and will grow long and heavy. Ayer's Hair Vigor is the only

Hair Vigor

hair food you can buy. For 60 years it has been doing just what we claim it will do. It will not disappoint you.

"My hair used to be very short. But after using Ayer's Hair Vigor a short time it began to grow, and now it is fourteen inches long. This seems a splendid result to me after being almost without any hair."

ISLAND GROVE.

Revival Meetings—Wild Goose Chase. Local and Personal Items.

Island Grove, Aug. 10.—We are having an abundance of rain now, so much that it is bothering the farmers somewhat in gathering their crops, but we are never satisfied—some time ago we were crying for rain.

Rev. John Thompson of LaCrosse is visiting his wife at this place.

Mrs. Kirkland, who has been visiting her parents, Mr. and Mrs. S. V. Cassels of this place, has returned to her home at Tampa.

Mrs. Ruth Moore, who has been visiting relatives here, has gone to Starke to meet her husband.

W. J. Evans has returned from Gainesville, where he went on a visit to his brother, who is attending the Normal at that place.

The Baptists at this place have recently closed a successful protracted meeting. During the meeting thirty-one new members were added. The pastor, Rev. York, was assisted in this great work by Rev. Thompson of LaCrosse. The church has had a mighty awakening and we hope that the interest now manifest will continue. The young men of the church have organized a young mens' prayer-meeting and much interest is being manifested.

Mr. and Mrs. W. R. Brice entertained a number of their young friends at their hospitable home Tuesday evening by tendering to them a "Wild Goose Chase." Although the weather was very inclement, a majority of the invited guests present were all anxious to know what the chase would be like. The happy winner of the race was Miss Lee Cassels, who captured, not a goose, but a large, beautiful bouquet of roses. Two suppers were served during the evening—one a "silent supper," which was a sell—but the next was a real supper. When the dining-room door opened and the guests were invited in, every eye brightened at the pleasing sight, for the table was prettily arranged and delightful refreshments were served. Mr. and Mrs. Brice are to be congratulated upon their success as entertainers, as every young person present expressed themselves as having had a royal good time.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

A Business Change.

L. M. McCormick Thursday sold to F. D. Rutherford the stock of confectionery, cigars and tobacco, stationery, etc., and in future the business will be conducted by Mr. Rutherford at the same stand, 105 East Main street S. Mr. Rutherford proposes to add a line of fruits and will conduct a first-class place.

Mr. McCormick also leased to Mr. Rutherford the fixtures of the store, including a fine soda fountain.

Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

AN IMPORTANT DEAL.

P. H. Baker Buys Twenty-Eight Acres of Land in Southwest Gainesville.

Another important real estate deal has been made in this city, P. H. Baker, the naval stores operator, having purchased through J. W. Patton as agent a tract of twenty-eight acres of land in Southwest Gainesville, in close proximity to the University grounds. This land is high and most desirable for building purposes. The new owner proposes to divide the property into one hundred and fourteen building lots and will place same on the market within the next few weeks.

Mr. Baker, who is engaged in the manufacture of naval stores in the East End, is an enterprising man. About a year ago he realized that Gainesville was the proper place in which to rear his family and educate his children, with the result that he purchased a home and other property in East Gainesville. He made extensive improvements upon his home, which is now one of the neatest and most comfortable in the city, and his confidence has grown with the city, for he has constantly added to his property possessions. About a month ago he purchased several lots in East Gainesville and at the present rate it will not be a long while before he may be classed among the leading property holders of the city.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

The Godwin Sale.

Sheriff L. W. Fennell and Attorney Jos. M. Rivers conducted the sale of the estate of J. J. Godwin, deceased, at Rex, Wednesday. The sale was a private one, and comprised the saw mill and lumber, with other appurtenances, property of the deceased.

The saw mill, as well as the stock of lumber on hand, was purchased by J. A. Maultsby of Campville. The price paid for the former was $2,100, and the lumber on hand, $95. The capacity of the mill is about 5,000 feet per day, but the plant is a modern one.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Ferry's Seeds

are known by what they have grown. For half a century they have been the standard—haven't failed once to produce bigger, better crops than any others. Sold by all dealers. 1905 Seed Annual free to all applicants.

BIG BLIND TIGER RAID AT NEWBERRY

Sheriff Fennell and Assistants Make an Important Haul.

PLENTY OF BEER AND BOOZE

Four Barrels of Beer and Several Jugs of Whiskey Captured and Confiscated and Officers Discovered More in Depot—Prisoners in Gainesville.

Sheriff Fennell, assisted by Deputies J. H. Granger, J. Lee Stokes, J. B. Sifford, George W. Livingston and Jack Martin, succeeded Saturday in making a raid of blind tigers in Newberry, having captured four. These places are alleged to have been conducting almost open saloons, using very little discretion and a vast amount of "booze."

Those arrested Saturday were Judge Knight, Ransome Murray, Andrew McDuffy and Charles Robinson, all colored. There was found in the places an aggregate of four barrels of bottled beer and a number of jugs containing whiskey, all of which were confiscated by the officers. The prisoners were brought to this city and placed in jail, and will be given a preliminary hearing before Judge Mason Monday.

In addition to the beer found in the places there were five barrels at the Atlantic Coast Line station consigned to Knight and this was turned into the custody of Special Deputy Sheriff Duncan, who is agent for the railroad at that point.

Knight and Murray are old offenders and it is said that they have been engaged in the illegal sale of liquor ever since the county went dry. Knight was released on bond only a few days ago upon a charge of selling whiskey in a dry county.

Sheriff Fennell is determined to put a stop to the blind tiger business in Alachua county so far as possible, and it is safe to state that Alachua probably has fewer resorts of this kind than any other dry county in the State.

FOR CONCEALED WEAPONS.

John Holt Had License to Tote Pistol, But Carried Same Concealed.

Sheriff Fennell Saturday brought to this city John Holt, white, of Newberry, whom he arrested upon a charge of carrying concealed weapons.

Mr. Holt has a license to own and carry a pistol, but, like many others who hold licenses, has a misconception of the same. The law does not permit the carrying of a weapon concealed, but it must be carried in full view, and on the front of the body or person. Those holding licenses should be governed accordingly.

Mr. Holt was released upon bond for his appearance before Judge Mason on Tuesday.

HELD FOR KILLING HUSBAND.

Wife of Dead Man Charged with the Crime of Manslaughter.

Royston, Ga., August 12.—Mrs. W. P. Cobb was arrested Friday morning on the charge of voluntary manslaughter, according to the action of the coroner's jury. It is probable that she will be admitted to bail if she succeeds in securing the necessary bondsmen.

It is said sensational developments will follow the investigation into the killing of ex-Senator Cobb by his wife. According to statements made in this city today, Professor Cobb had received notice about two weeks since that he had better watch his home.

Before the date of the tragedy which cost the life of the husband, it is alleged that there had been more than one disagreement between himself and his wife, and owing to the various rumors and reports sensational developments are expected.

Mrs. Cobb's statement that she mistook her husband for a burglar is doubted by many. It is the general opinion that when Professor Cobb went away, ostensibly to be gone several days, he returned unexpectedly, and that the killing followed. It is believed, however, that Mrs. Cobb did the shooting. No male person other than Professor Cobb was seen at the Cobb home that night, so far as known.

Fired Into Family Group.

Huntsville, Ala., August 12.—Joe D. Power, of Deposit, Ala., is on trial in the circuit court on a charge of assault with intent to murder. Powers fired into the Winkle family near New Market, and wounded several men and women, and then escaped to Texas, where he remained several months. He could have entered a plea of insanity. The trial has attracted

ECZEMA

ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acrid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema; it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breaking out since.
Urbana, O. E. E. KELLY.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

NEGRO BURNED AT STAKE.

Criminally Assaulted Litte White Girl Fourteen Years of Age.

Dallas, Tex., August 12.—A dispatch to the Times from Sulphur Springs, Tex., about 60 miles south of here, says:

"A negro charged with criminally assaulting the daughter of a widow near this place was caught and burned at the stake in the court house square today.

The crime was committed at an early hour this morning. When the town was alarmed about an hour later a posse of armed horsemen went immediately in pursuit of the assailant. The country was scoured in all directions, and the negro was finally captured. He was taken to the courthouse square, chained to a stake and burned before an immense crowd of excited citizens.

The name of the negro was Tom Williams. He attempted to assault a 14-year-old girl. Little resistance was made to the mob by the officers."

Mrs. Sanford's Statement.

Rome, Ga., August 12.—Mrs. V. T. Sanford on hearing of the mistrial in her husband's case, gave out the following statement: "I have been prepared to hear that for several days. I have an abiding faith that that man will yet get his just reward and be made to suffer as he has made others suffer. I am going to stay in Rome until the end, if it is twenty years. This is where the trouble commenced and here I shall stay and fight my fight. I am in constant consultation with my faithful and hard-working attorney, and I do not care to say anything more for publication."

Saved Lord Roberts' Life.

Salt Lake City, Utah, August 12.—Twelve years in the penitentiary for burglary was the sentence received by Anthony Grice yesterday. He saved the life of Lord Roberts in the Afaghan campaign nearly thirty years ago. Roberts had been caught between the lines and his horse shot from under him, the beast pinning him down when he fell. Grice with bullets fairly raining above him, ran a distance of six hundred yards and pulled Roberts from under the animal, mounted him on his own horse and led the way back to the British lines.

Mercury and the Sun.

The distance of Mercury from the sun varies owing to the eccentricity of its orbit. When he is nearest to the sun he receives ten and a half times more light and heat than we do, but when he removes to his greatest distance the light and heat are reduced by more than one-half. Even then, however, the sun blazes in the skies of Mercury with a disk four and a half times larger than that which he shows to us on earth.

ROOSEVELT AT CHATAUQUA.

Ten Thousand People Gather to Greet the President.

Chatauqua, N. Y., August 12.—President Roosevelt arrived here at 8:45 a. m, on a special car over the Chatauqua Traction line. The presidential train arrived at Lakewood at 2:05 a. m. over the Erie railroad and was placed upon a siding. The trip from East Waverly, the last previous stop, was without particular incident. Some time during the night after the arrival of the train at Lakewood one of the secret service officers was robbed of a valuable watch, while asleep.

The rain which had been falling for several hours, was then coming down in torrents and the hills about the lake reverberated with almost continuous rolls of thunder. The Chautauqua committee, composed of Bishop John H. Vincent, Dr. George Vincent, Ira Miller and J. C. Neville, waited upon President Roosevelt at 7:30 After an exchange of greetings the president was escorted to a private car on the trolley line and the short trip to the assembly grounds was begun. As early as 8 o'clock ten thousand people had assembled at the amphitheater to secure seats.

There was no speech making, but President Roosevelt held an informal reception and greeted many of the guests well known to him.

ROOT LEAVES ALL INSTITUTIONS

New Secretary of State Resigns Business Connections in New York.

New York, August 12.—Secretary of State Elihu Root, who recently entered President Roosevelt's cabinet, has, says the Times today, severed all connections with a number of financial institutions of which he was formerly a director. Mr. Root recently resigned, it became known yesterday, from the boards of the Morton Trust company, the National Bank of Commerce, the Continental Fire Insurance company, the Title Guarantee and Trust company, and several other coroporations. This action was taken, the Times continues, in order that he might assume the secretaryship of state without being in any way allied with corporate interests. In conversation with his associates he is said to have expressed the opinion that it was better for him to be free of his former connection with these institutions as a director, and for this reason he resigned from them all, Mr. Root had been director of some of these institutions for a number of years including the period when he was secretary of war.

Inquiry among his former fellow directors failed to reveal Mr. Root's reason for differentiating between the two positions in the cabinet so far as they affected his personal business affairs.

Accidentally Kills Husband.

Royston, Ga., August 11.—Ex-Senator and County School Commissioner W. P. Cobb, of this place, was shot and killed by his wife. Mrs. Cobb makes a statement declaring that she mistook him for a burglar. Two shots were fired, one taking effect in the head and one in the abdomen. He was wholly unconscious from the time of the shooting until his death, which occurred at 1:30 o'clock Wednesday morning. Medical aid was summoned immediately after the shooting, but nothing could be done.

Two Were Cremated in Wreck.

Newport, Ark, August 11.—That two passengers were killed and their bodies burned in the wreck of a passenger train on the St. Louis, Iron Mountain and Southern railway at Diaz, July 29, is now certain. That the two lost travelers were Thomas E. Scanlon and his son, Bryan, of El Dorado, Ark., is almost certain. The facts were brought to light through the inquisition proceedings begun by Governor Harrison Wednesday. The hearing was adjourned until Thursday.

Desperate Negro Killed.

Thomasville, Ga., August 11.—Sheriff Bird, of Jefferson county, Fla., with a large posse of Monticello citizens, surrounded a negro desperado in a swamp and killed him. The negro killed his wife in Monticello. He immediately struck out for Thomasville, stealing the horse of Farmer A. J. Willis to aid him in escaping.

Prominent Montanan Dead.

Butte, Mont., August 12.—Peter Hale, president of Gresigson Springs, one of the early residents of Butte, and one of the most prominent men in Montana, is dead.

A Houston, Tex., autoist ran his machine into a milk wagon and was drowned before he could be rescued.

The people who burned their cotton would have shown just as good sense to have sold the cotton and burned the money.

The Marion county commissioners have leased the county convicts and busted up the sheriff's boarding house. There is danger, says The Star, of the sheriff's office becoming an object of charity on the county.

Don't go out of the State unless you have your credentials with you. The quarantine rules will be in force for some time, and you might have trouble in passing the line without having an identification certificate.

Pies "like mother used to make" are turned out by a machine recently invented in Pittsburg at the rate of 40 a minute. Just think of 24,000 pies in ten hours. But the union won't let it work only eight hours a day.

The State Normal School being held in this city is proving of much interest. The attendance has been large during the entire session, and the teachers in attendance have been well pleased with the instructors in charge of the work.

Dr Wyman is telling the ladies of New Orleans what to wear if they must appear on the streets. He recommends the wearing of veils and gloves, also high shoes, besides, of course, the other necessary garments to keep within the bounds of propriety.

The peace parley at Portsmouth is liable to last for a long time. The Russians hate to put up the money and the Japs will insist on a large sum. Russia don't mind the territory, as they think they can win that back some time, but the good money it takes to buy vodka is what hurts the worst of all.

The death of Archbishop Chapelle at New Orleans, of yellow fever, early Thursday morning, will cause general sorrow. He was a man well known in Washington, where he held a pastorate and was in Porto Rico and Cuba during the prevalence of yellow fever, without having contracted the disease.

Since the war began Russia has drawn down her treasury balance 400,000,000 rubles, used up a special war fund of 140,000,000 and borrowed 1,000,000,000 rubles, showing that the war has been costing her about 5,000,000 rubles—$2,500,000—daily. At the beginning of the war she explained that her ownership of the Siberian railroad and a fleet of transports would enable her to carry on war with very little more than peace expenditure.

The skill displayed by our State health officers in checking the spread of infectious diseases and the like, seems wonderful and speaks volumes for our advancement. Medical men seem to have no fear of these deadly pests and now the newspaper men are bound to show themselves equal to the doctors in emergencies, and the editor of The Miami Metropolis has come to the front and is handling the "deadly parasite" almost every day and no deaths have resulted or sub-foci been discovered.

INDUSTRIAL EDITION.

On Thursday, November 16, 1905, the publisher of The Gainesville Daily Sun will issue an Industrial Edition of this paper, which will comprise a complete descriptive write-up of Alachua county, including the city of Gainesville, giving a description of its Industries, Mineral Products, Resources of the Soil, as well as its Educational Advantages, Future Prospects and its adaptability as a home for those seeking a location for business activity or for health.

This edition will be printed on high grade book paper, profusely illustrated, with an illuminated cover that will be highly attractive. The edition will comprise 20,000 copies of 36 pages each, including the cover, and will be of great value to those who desire to send them away to their friends, as the facts it contains will be thoroughly reliable.

A limited space will be reserved in this Industrial Edition of The Sun for the use of legitimate advertising, and reliable business houses will find it to their advantage to communicate for space at the earliest possible date.

The Object

Of this edition is to have a greater portion of the 20,000 copies for FREE distribution at the Florida State Mid-Winter Fair at Tampa, November 15 to 30, 1905, to familiarize the people who visit that exhibition with the advantages offered to settlers in Alachua county, the county of varied resources and the Hub of the Peninsular State of the South.

For further information, address THE DAILY SUN, Gainesville, Fla.

"THE GAINESVILLE SPIRIT."

All through the campaign for the location of the State University, the people of Gainesville showed themselves in real earnest in their efforts to win the school. Not a stone was left unturned that was likely to help the cause, and the result was the selection of Gainesville as the site for the University of Florida. This outcome made necessary the fulfilling of certain obligations. The electors of Gainesville met one of the important obligations at the polls Tuesday of this week, when, by a vote of 263 to 3, a bond election was carried by which $50,000 will be secured for the improvement of the educational facilities of the city.

A practically unanimous vote indicates the spirit of unity that actuates the citizenship of the new University city on behalf of the noble cause of education. The result of Tuesday's vote shows that the University of Florida will receive loyal support from the people of Alachua county.

Such an assurance must cause a great deal of satisfaction to President Sledd and the faculty of which he is the official head.

The "Gainesville spirit," if allowed to find voice in other portions of the State, would make of Florida the greatest of Southern States.—St. Augustine Record.

Yes, and during all the time the people of Gainesville never fired one of those stones at anyone that opposed them. Whatever was gained was done by honest work, and the same honesty of purpose will be shown at all times by our people, and the good opinion of all will be maintained, if devotion to cause counts for anything.

"THE GAINESVILLE SPIRIT."

Gainesville has voted $50,000 of bonds to aid in building the State University. Gainesville is going to prove herself worthy of that institution.—Punta Gorda Herald.

The Sun has never been given to boasting, and has no intention of falling into that habit at this late date; but we do feel like saying that the flood of congratulatory and complimentary telegrams, letters and editorial expressions of the press throughout the State that have been received during the past few weeks, and especially since the almost unanimous passage of the bond ordinance last week, commending what they are pleased to call "the Gainesville spirit," is in the highest degree gratifying to our people, and will, we hope, prove so encouraging and stimulating that they will be moved, not to rest upon their laurels, but to press forward with renewed increased zeal and strength. If we are to take seriously—and we see no reason why we should not do so—these kind expressions of approbation, Gainesville, in its public spiritedness and progressiveness, has set for the rest of the State a pace that has elicited universal admiration, and has brought upon herself the eyes of the whole people. Now let us be careful that we do not get self-satisfied, or puffed up with civic pride, and fall behind the pace we have set for all our friendly competitors. We have begun well—very well, in fact, but we have just started in the race. We must keep it up. No inland city in the State has now so promising a future, but these promises, however bright, will not fulfill themselves; they must be realized by eternal watchfulness, unflagging energy and persistent effort. We have now everything in our favor, all the tides seem settling to bear us to prosperity, and we have it in our power to take advantage of these favoring conditions and make success secure.

While there has been nothing like a fevered and unhealthy "boom," the solid growth of the city in every way in the past three years is, when one turns to consider it, simply astonishing, and every indication points not only to a continuance, but to an increased activity in this direction. Within the past two years hundreds of thousands of dollars have been expended in the erection of business and dwelling houses. Within the past few months dozens of elegant residences costing from $2,000 to $7,000 have been erected. Besides the many buildings now in course of construction, contracts have been let for a dozen or so residences and business houses to cost from two to ten thousand dollars. The location of the University of Florida here and the recent action of the School Board and citizens of Gainesville in establishing a senior high school, second to none in the State, in which tuition is free to all the pupils of the county, are bringing inquiries not only from all over the county but from all sections of the State, from people of means who are thinking of taking up their residence here for the purpose of educating their children.

The recent movement in railroad circles, whereby the Atlantic Coast Line will put Gainesville on the main line between St. Petersburg and Jacksonville, and the extension of the Gainesville & Gulf to Tampa, will divert an immense amount of travel this way, make Gainesville one of the most important railroad centers in the State and in many ways be of great advantage to the city. The former gives us direct and daily communication with Ocala, St. Petersburg and an additional direct line to Jacksonville, while the latter, shortening by over one hundred miles the distance from Tampa to all points in the West, will put Gainesville on another main thoroughfare of winter travel with all its advantages and conveniences.

We are not at liberty to publish particulars, but we are authorized to state that just as soon as a system of sewerage shall have been put in, a magnificent hotel, that will be the pride not only of the city, but of the State, will be erected.

Now, while on every side fortune seems favoring us, we must not forget that "The gods help those who help themselves." We cannot afford to stand still. Any halting now would be fatal and worse than foolish. *We must have sewerage*, and in providing for an election for the issuance of bonds for that purpose, the City Council did the wisest thing it ever did when it included also the contemplation of municipal ownership of both the gas and electric light works.

The profits on these public utilities alone, it is claimed, will not only pay the interest on the bonds, but without a dollar of increased taxation provide also a sinking fund that will be sufficient to pay off the bonds at maturity, as in the case of every city in the United States where these utilities are owned by the city.

This election will take place in October and The Sun wishes to see it carried practically unanimous, as was the vote for educational bonds. The continuance of our present prosperity, not to mention the great blessings in store for us, depend upon this measure. We ought not to be satisfied with even an overwhelming majority. The moral effect of such a vote as we gave for the educational bonds would be tremendous, and we cannot afford to slight so great an opportunity. No citizen of Gainesville who is intelligently alive to his own interests, or who has at heart the public good, can vote against the measure. We have come to the door of our opportunity. We have but to knock and it will open. Let us start together as one man for the upbuilding of our city.

THE YELLOW FEVER.

The yellow fever is furnishing glaring headlines for the yellow papers of the North, East and West, and many people who have only seen the plague in the headings of these papers are led to believe that it is ten times worse than it really is and there is no hope for the people.

We are aware that yellow fever in the South, under the present handling by our eminent physicians, has a more ferocious bark than bite. It is not much more to be dreaded than typhoid in the North, and thus far the ratio of deaths from yellow fever throughout the entire country has been as 40 to 76 compared to the typhoid victims of that portion of Philadelphia taking its water from the infected districts of the Schuylkill, says The Memphis Commercial-Appeal. The area in Philadelphia thus affected contains only a few thousand more inhabitants than New Orleans. Certainly the authorities of the Eastern town are more or less alarmed and they are trying to meet the situation, but the adjacent country, while watching the typhoid plague closely, is not stampeded, nor are other cities viewing the situation with any of that terror calculated to dispel confidence in that town.

If the North would extend a similar confidence to the South yellow fever at New Orleans or any other town would cease to be an occasion for slanderous headlines, but at present yellow fever is the dog with the bad name. He has been vicious in the past. We who know him are aware that his teeth have been extracted, but our neighbors are not yet convinced of this, so we are still forced to handle this one time "bad dog" with muzzle, block and chain. But many wise and scientific heads are looking over the fence, and if the South demonstrates its ability to keep its "bad dog" well in hand we may hope this summer's barking will in no way impede the magnificent progress of this section during the past five years.

THE TERM "FOCI."

There has been so much misapprehension over the meaning of the words "foci" and "sub-foci" that the following explanation will be of interest to many readers of The Sun:

"The word 'focus,' of which 'foci' is the plural form, in its original sense meant 'fireplace,' and as the fireplace or fireside was always the place of the gathering together of the family, its secondary meaning became 'a center.'

"It is a naturalized, not a derivative word, as it was adopted from the Latin into the English in unchanged form. Its first use in English was by Kepler in 1604, and was for a long time a technical word used in the branch of physics known as optics, and meant either the point of convergence or divergence of rays of light.

"It is now used figuratively in any connection, simply denoting a converging point of interest or attraction from which rays (figuratively) may diverge.

"As a medical term its meaning is a center of infection, and sub-foci means other centers towards which the disease has converged and from which the disease may spread.

"As, for instance, the first case of yellow fever in New Orleans is regarded by the physicians as the original focus, each new case traceable to that case is a sub-focus, but each new case not traceable to that case is a new or original focus; thus they speak of foci and sub-foci. The aim of the board of health is to so insulate every focus that from it can be disseminated no sub-foci. The way to prevent the original foci is yet to be discovered.

"When Pandora's box was opened each noxious, flying thing that emanated was a 'focus.'"

CERTIFICATES NEEDED.

Many people from this State who are visiting in the North and West, who expect to return home during the quarantine, or those who are going away out of the State for a visit, should secure a certificate to identify them and give an account of themselves. A form of identification similar to the following blank is suggested:

"This is to certify that———personally appeared before me at———, Florida, on this -- day of — 1905, apparently in good health, and affixed thereto his signature for purposes of identification, and has to my knowledge been in this———for———days.

"Signature of———

"———notary or other officer. (Impression seal).

Holders of certificates as above can at every stopping point along the line of travel request the local railroad ticket agents or postmasters to stamp their certificates, showing their whereabouts by dates, and can also easily identify themselves by writing their signatures in the presence of, and for comparison with signatures in certificates by the inspectors, wherever and whenever encountered, inside or outside of Florida.

MICANOPY HAPPENINGS.

Many People Have Gone Away for Summer and Town is Quiet.

Micanopy, August 11.—The fact that so many of our people have gone away for the summer makes matters rather quiet here now. However, the stay-at-homes are managing to enjoy themselves in one way or another, but they will be glad when the season for home-coming arrives.

Mrs. C. E. Melton and children are at Abbeville, Ga., but expect in a few days to proceed to North Georgia, where they will spend the remainder of the summer.

J. J. Barr and wife and Mrs. J. D. Watkins have gone to the mountains of Tennessee, where they will recuperate for a few weeks.

The Misses Moffatt are spending the summer in South Carolina, guests of friends and relatives.

S. H. Benjamin has gone to New York, where he will probably purchase a line of fall and winter goods for a new store.

Mrs. S. C. Means is spending the heated term in Phoenix and Birmingham, Ala.

Mrs. E. A. Gray, wife of our worthy Methodist minister, is spending a few weeks in Oxford, Ga., as the guest of relatives.

Miss Honor Pardee is spending the summer with friends and relatives in Virginia.

Dr. and Mrs. H. C. Crawford have gone to Maine, where they will spend the remainder of the heated term.

Card From Mrs. Godwin.

Editor Gainesville Sun: Through your paper I desire to express my sincere appreciation of the many kindnesses of our numerous friends shown during the illness and death of my beloved husband, J. J. Godwin. To us they proved to be friends in need when nothing could replace friendship.

MINNIE F. GODWIN.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The canning factory at Reddick last week shipped 250 dozen cans of tomatoes.

The Davis murder mystery in Dade county has been given up as unsolvable by the detectives and all county officials.

The taxpayers of Duval county will pay a tax levy of 16 mills and a State levy of 6 mills, making a grand total of 22 mills.

The premiums offered on cattle and hogs at the DeFuniak fair, November 1st to 4th, are certainly very liberal. Other premiums are good.

It is reported, says The Times Union, that something resembling a kangaroo is making it lively for hunters in the Everglades. Probably an overgrown frog.

George F. Ensey of Merritt's Island says that he has an explosive that is more powerful than dynamite, which he invented himself. He will sell county rights.

The first bale of Sea Island cotton was taken to the Florida Ginning Company at Lake City, Wednesday, by Z Brown, one of Columbia county's thrifty farmers.

A. J. Giles, a trusted foreman on the S. A. L. at Fernandina, was run over by a freight train in that place Wednesday and killed instantly. He was frightfully mangled.

The Orlando census enumerator recently found a colored man who has had three wives and is the father of 29 children. As the enumerator gets 10 cents a head, this group was a bonanza.

Frank Foster of Jacksonville, aged 72, got into a fight and started for the telephone to call the police, when he fell to the sidewalk and expired. He was troubled with a weak heart, although he was a sewing machine agent.

A Swede was arrested in Pensacola for carrying concealed weapons. He had read in the papers before he left Sweden that a man should go armed to protect himself on the docks at Pensacola, and was only toting the pistol to be prepared for the murderous gang he expected to find on the wharf.

A female wildcat in the vicinity of Cocoa has been bringing up a family on spring chickens, thus making the supply a little short when the parson called. A hunt was instituted and her ladyship and two young kittens were captured.

A new order has been founded in Tampa to be called the Memorial Order of the Confederacy. The first chapter will be known as R. E. Lee Chapter No. 1. The purpose of the order is to provide a burial fund for Confederate soldiers or any member of their family. The auxiliary chapters for women will be known as Winnie Davis chapters. The new order carried with it a funeral benefit of $250, and all old Confederate soldiers, their sons and daughters, are eligible for membership.

Joseph McCoy was shot and killed by John Heart on the night of the 6th. They both worked for the Edge Lumber Company at Taylorville. At the inquest held by Judge Laws, the jury rendered a verdict of justifiable homicide. As McCoy had threatened to shoot John Heart the evening previous, the latter had gone out into a small camp about two miles to get away from him. McCoy hunted him down, and found him there and began shooting. Four shots were fired by McCoy, when Heart took up a gun loaded with buckshot and settled the question for life.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 1888, LAWS OF FLORIDA.

Notice is hereby given that J. B. Dell, Jr., purchaser of Tax Certificate No. 681, dated the 4th day of November, A. D. 1896, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, towit:

S½ of B 11 in NW¼ of Brown's Addition to Gainesville, Sec. 5, Tp. 10, R. 20.

The said land being assessed at the date of the issuance of such certificate in the name of H. L. Sanchez.

Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 11th day of September, A. D. 1905.

Witness my official signature and seal this the 8th day of August, A. D. 1905.

S. H. WIENGES,

1st Clerk Circuit Court Alachua Co., Fla.

NOTICE OF ELECTION

An election will be held in the Trenton Sub-School District on Tuesday, September 12, 1905, for the purpose of determining whether or not said district shall be created a special tax school district, for the election of three trustees therefor, and for the purpose of determining the rate of millage to be assessed and collected therein for the next succeeding two years thereafter. Polls will open at 8 o'clock and close at sunset. The following named persons have been appointed inspectors of said election: B. F. Williams, W. H. Gay, J. A. Beach with Homer Love as clerk.

By order of Board of Public Instruction this the 1st day of August, A. D. 1905.

R. B. WEEKS,
Chm. Bd. Pub. Instn.

Attest: J. L. KELLEY, Sec. and Supt.

NOTICE.

Notice is hereby given that after this notice has been published according to law, for six months, I will present my accounts to Hon. H. G. Mason, county judge of Alachua county, Florida, and ask that my accounts be approved and ask for final discharge.

OG TOWN CREEK IS NOW A RIVER

ording on the Newberry Road Extremely Dangerous.

HE WATER FLOWS FIERCELY

e Flood Has Caused Considerable nconvenience to Travelers, Who Are Compelled to Seek Relief at the Ben- ington Road Bridge.

Hog Town creek, a short distance t of this city, is now a raging river, ed by the continued heavy rains, d it is said by those who have at- pted to cross that this is a most ardous undertaking.

There is no bridge across Hog Town k on the Newberry road leading ugh Cunningham's lane, because the fact that ordinarily the stream only a few inches deep, the ap- aches are good, and a bridge has been deemed necessary. The rains, ever, have swelled the stream to h an extent that it is the heighth of y to attempt to ford it. The water backed away out into the sur- nding swamp, and in many places depth of water is over the average se's head.

This condition of affairs has caused siderable inconvenience and delay traveling. The Hog Town creek dge, on the Bennington road, is miles, by the route one is com- pelled to go, from the Newberry road ford, but people driving to and from Gainesville have been compelled to turn back at this ford and use the Ben- nington road bridge.

The rains in this section, which have been almost continual for the past three weeks, have been the heaviest known for many years, and have caused a great deal of damage and in- convenience. The low lands have flooded, running the cattle onto the knolls and away from their feed, the cotton and other crops have been dam- aged, and, altogether the flood will cost the farmers an enormous sum.

Justice Colman's Court.

Deputy Sheriff L. E. Story of Wind- sor brought to the city Friday, Wash- ington Weathers, colored, whom he ar- rested upon a charge of carrying con- cealed weapons. The prisoner was ar- raigned before Justice Colman, when a sentence of $100 and costs or three months in the county jail was passed. Not having the "wherewith" to pay his fine, Weathers will spend the next quarter in taking lessons in the manu- facture of naval stores.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indi- ana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symp- toms of hay fever, and a doctor's pre- scription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortun- ately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. Mc- Collum & Co.

Troops Bound for Georgia Fort.

San Francisco, August 11.—The transport Buford, Captain Hall, has ar- rived in port 22 days from Manila. The steamship came direct from Nag- asaki, carrying 117 cabin and 142 steerage passengers, besides the troops who are returning from the Philip- pines. These consisted of the Sev- enteenth infantry, bound for Fort Mc- Pherson, Ga., and the Third squadron of the Thirteenth cavalry, which is bound for Fort Sill, G. T. Colonel Van Orstdale is in command of the Seventeeth infantry.

Famous Diavalo Is Injured.

Helena, Mont., August 11.—Diavolo, the bicycle rider with the Barnum & Bailey circus, who jumps the gap dur- ing the performance, failed to do the trick here and fell to the ground. He was unconscious for half an hour. The physicians said they feared he was in- ternally injured and would die. He left Helena with the circus, in charge of a physician. Diavolo's true name is Tom Butler. His wife loops the loop in an automobile and she fol- lowed with her turn immediately after the accident to her husband.

pd Clerk Circuit Court Alachua Co., Fla.

NOTICE FOR PUBLICATION.

Land Office at Gainesville, Fla., August 1, 1905.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by Act of August 4, 1892, Edward F. Fisher of Old Town, county of Lafayette, State of Florida, has this day filed in this office his sworn statement No. 191, for the purchase of the W½ of Ne¼ of Section No. 35 in Township No. 10 S., Range No. 12 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Clerk Circuit Court at Mayo, Florida, on Monday, the 16th day of October, 1905.

He names as witnesses: Nathaniel Dees, W. J. Allen, Isham Copeland, O. M. Pinner, all of Old Town, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 16th day of October, 1905.

pd W. G. ROBINSON, Register.

EXECUTOR'S NOTICE.

Letters testamentary having been on the 23d day of June, A. D. 1905, granted by the County Judge of Alachua county, Florida, to the undersigned as executor of the last will and testament of Robert H. Porter, deceased, late of said county, now, therefore, under and by virtue of an order made and entered in the matter of the administration of the estate of said Robert H. Porter, deceased, by the county judge of said county of Alachua, on the 23d day of June, A. D. 1905, notice is hereby given to, and all creditors, legatees, distributees, and all persons having claims or demands against the estate of said Robert H. Porter, deceased, are hereby called upon to present the same to me at Jacksonville, Florida, within two (2) years from the date of this notice, the same being the date of the first publication thereof, the time required by law, or otherwise the same shall be forever afterward barred. All persons indebted to said estate are requested to make immediate settlement with undersigned.

Dated this 23d day of June, A. D. 1905.

THOS. V. PORTER,
Executor of the Last Will and Testament of Robert H. Porter, Deceased.

Cottage for rent in South Gainesville. Apply at this office. dtf

Deputy Sheriff J. L. Stokes of Micanopy was among the visitors to this city yesterday.

Misses Nannie and Stennie Dickinson went to Seabreeze yesterday, for an outing of several days.

Miss Sallie McGrew left yesterday for Hendersonville, N. C., where she will spend the next few weeks.

Mr. and Mrs. C. W. Stalls of Hague were in the city yesterday. Mr. Stalls is a progressive citizen of that section.

T. S. Kellum of Fairbanks was in the city yesterday. He was en route to Palatka, where he was called on business.

Mrs A. R. VanDeventer left yesterday for Providence, R. I., where she will spend the remainder of the summer.

Mrs H. L. Phifer departed Wednesday for Weaverville, N. C., where she will recuperate for the next few weeks.

Mrs. C. C. Reddick of Reddick has returned to her home, after a pleasant visit to her sister, Mrs. T. B. Ellis, in this city.

Mrs. M. E. Tidd has returned from Waldo, where she has been engaged for the past few weeks in her profession as nurse.

T. J. McRae of Hawthorn was in the city yesterday. Mr. McRae was en route home from West Florida, where he has been on business.

J. M. Endel and daughter, Miss Rosalee, have gone on a visit to relatives and friends in New York. They expect to be absent several weeks.

Mr and Mrs. G. H. Kelley of Rochelle were in the city yesterday. They have just returned from a pleasant visit to friends in Indiana.

Mrs. D. G. Harvard and children of Archedondo were in the city yesterday. Mrs. Harvard came for the purpose of looking for a residence, as it is her desire to bring the children here to be educated.

Mr and Mrs. S. B. Kennard are rejoicing over the birth of a fine son, nine and one-half pounds, which came to brighten their home and their lives Wednesday morning. Friends extend congratulations.

Mr and Mrs. J. H. Dye of Micanopy were among the visitors to Gainesville yesterday. Mrs. Dye proceeded on the noon train to Newberry, where for the next few days she will be the guest of her sister, Mrs. E. T. Henderson.

D. W. L. Barton and W. B. Crown of Rocky Point were among the visitors to Gainesville yesterday. They report an abundance of rain in their section within the past few days, which is declared to prove damaging to some crops, especially cotton.

J. R. McDonald returned yesterday from an extended trip to French Lick Springs, Ind., and his old home at Fountain Creek, Tenn. Friends are glad to note that he has greatly improved in health. Mrs. McDonald and the children are now with her husband's parents at Fountain Creek.

Wm. Knight, formerly of North Carolina but who for some time has been living at Kirkwood, passed through the city yesterday en route to his home, where he proposes to remain. While Mr. Knight was well pleased here, his interests in the Tar Heel State are extensive and demanded his personal attention.

Rev. S. B. Rogers received information yesterday that his little six-year-old son, Malbra, who was the victim of an accident at Tallahassee a few days ago, an account of which was given in The Sun, is getting along nicely, his condition slowly improving. Mr. Rogers' friends in this section will be pleased to learn this, as considerable anxiety has been felt for the lad. It is hoped he is able to travel Mr. Rogers expects to take him to a specialist with the hope that the bones may be properly set, thus preventing

Mrs. V. J. Herlong of Bellamy was shopping in the city yesterday. She states that Mr. Herlong, who has for past few years been conducting a large saw mill at Bellamy, expects soon to remove to Alabama, where he will operate a large mill. While friends will regret very much to see them leave, they nevertheless wish them much success in their new home.

Information has been received of the death of Rev. Chas. Andrews of St. Paul, Minn., which occurred at his home of diabetes Wednesday. Deceased was a brother of T. F. Andrews of Palmer, and spent last winter there, where he made many friends. His death will be learned with regret, and sympathy is extended to the family in their hour of bereavement.

Miss Blanche McRae left yesterday for Reddick, her old home. Miss McRae has been residing in this city for the past few weeks, but her brother, E. R. McRae, having secured a position with the Western Union Telegraph Company at Tampa, she will remove to that city. She made many friends here who will regret to see her leave, but wish her much happiness in her new home.

From Saturday's Daily Sun.

T. H. Cato of Alachua was in the city yesterday.

J. A. Parrish of Hague was trading in the city yesterday.

Dillard Williams of LaCrosse was trading in the city yesterday.

Fine carriage and buggy painting and trimming at C. C. Pedrick's.

J. S. Crown of Rocky Point was among the visitors to this city yesterday.

Ira J. Carter of Newberry has returned to his home, after a brief visit to relatives in this city.

A. J. Copeland, a progressive farmer of the Jennings Lake section, was trading in the city yesterday.

E. W. Millican, the naval stores operator of Waldo, was registered at the Brown House yesterday.

Mrs. J. P. H. Bell and children have gone to Macon, Ga., where they will be guests of friends for the next few days.

Harry Jackson of Melrose, one of the leading citizens of that town, was transacting business in this city yesterday.

O. C. Husband of Melrose, one of the progressive merchants of that thriving town, was transacting business in this city yesterday.

J. A. Brockington of Hague, one of the valued employes of Padgett & Black, naval stores operators, was trading in the city yesterday.

Master James Haddock has returned to his home in Richmond, Va., after a pleasant visit to his grandparents, Judge and Mrs. H. G. Mason.

Rev. T. L. Cooper, a Methodist divine of Chiefland, Levy county, was in the city yesterday. He was en route home from Orange Lake, where he has been on a visit to relatives. Mr. Cooper has just finished in assisting Rev. J. V. Brown in a series of meetings at Hague, which were very successful, twenty-one accessions having been made to the church.

Wade Thomas of Monteocha was trading in the city yesterday. Mr. Thomas reports excessive rains in his section and says the cotton crop is considerably damaged. Cotton is opening rapidly and there is a great deal of the plant now ready for picking, but the weather has prevented gathering of the staple. Cotton pickers are also scarce, and altogether the prospects for gathering the entire crop are none too encouraging.

READ THIS.

DOTHAN, ALA., JULY 13, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with kidney trouble as being the best remedy we ever sold. Yours truly, J. R. YOUNG.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all

J. L. Medlin of Meredith, the senior member of the firm of J. L. Medlin & Co., manufacturer of naval stores, was a visitor to the city yesterday. He was en route home from Micanopy, where he has been for the past two days on business.

A letter from W. L. Pickett, formerly of Newberry, but now residing in Fort Meade, Polk county, requests that The Sun be sent to his address. "I like this country very much," he says, "but feel lost without the 'old reliable Sun,' and I want you to put me on the list." Mr. Pickett has just purchased a livery stable at Fort Meade, and believes his prospects are good. His friends in this section wish him success in his enterprise.

From Sunday's Daily Sun:

Try one of my hand-made buggies. All guaranteed. C. C. Pedrick.

George Masters of Waldo was transacting business in the city yesterday.

J. M. and J. C. Haile of Alachua were among the visitors to Gainesville yesterday.

Miss Maud Fisher has gone to White Springs to visit her sister, Mrs. D. E. Sparkman.

Jacob Ponds and George C. Snowden of Hatchet Creek were trading in the city yesterday.

J. S. Bailey and son and John Cook of Newberry were among the visitors to this city yesterday.

F. H. Clyatt of Clyatt and W. G. English of Tacoma were among the visitors to Gainesville yesterday.

John Beckham of Windsor, one of the most widely known residents of that section, was trading in the city yesterday.

J. R. Feaster of Rochelle was in the city yesterday. Mr. Feaster is engaged in the fishing business at Prairie Sink, and is enjoying fine success.

Sick headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

The Ocala lodge, P. B. O. E., have withdrawn the objection to Lake City acting upon the Gainesville charter, and the lodge will be instituted by Lake City Wednesday.

A little forethought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by all druggists.

W. W. Bruce of Fairbanks was in town yesterday and renewed his subscription to The Sun for the eighteenth consecutive year. He is one of the oldest as well as most highly esteemed of our subscribers.

Edward Beville of Bevilleville, a valued friend and subscriber of The Sun, was trading in the city yesterday. Mr. Beville states that the waters of Hogtown creek are receding rapidly, but that the crossing is still dangerous.

W. H. Ellis and A. L. Osteen of LaCrosse were pleasant callers at The Sun office yesterday, the former renewing his subscription. They state that too much rain has fallen in their section for the benefit of the cotton crop.

Stuart Lewis of Tallahassee is in the city en route to his old home at Orange Lake to visit his parents. Mr. Lewis is mail route agent between Jacksonville and Tallahassee. He is well and favorably known here, and his friends are always glad to see him.

Mrs. H. A. Fisher and daughter, Susie, left Gainesville Monday morning via Gainesville and Gulf Railroad for Northwestern Indiana, where they will visit the former's parents and other relatives and friends. They expect to return about October 1st.

Prof. W. N. Sheats, the newly-elected pricipal of the Gainesville Graded and High School, arrived in the city yesterday. Prof. Sheats has rented the Goss home, East Orange street, and expects to remove his family here within the next two or three weeks.

E. K. Rosborough of Windsor, traveling salesman from Jacksonville, was in the city yesterday. He was accompanied by his brother-in-law, T. M. King, formerly of Windsor, but now connected with the railway mail service with headquarters in Jacksonville. Mr. King's old friends in this section were glad to greet him again.

The Gainesville Star, a weekly paper which has been printed in this city for a little over two years, failed to twinkle last week. A telephone message from the office of the Pepper Publishing Company, where it has been printed for some months, stated that it had been "put out." The publisher did not

A few first-class typewriter ribbons for sale at three-fourths the price usually paid. Call at Sun office.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Tuesday, September 12th, 1905. J. M. DELL, City Clerk.

W. B. Holder was in the city yesterday from LaCrosse. Mr. Holder states that the sixty-second anniversary of his father, Ivan Holder, which was held at the home of his son-in-law, D. B. Pope, Friday, was a big success. An elaborate dinner was spread under the oaks, and was enjoyed by the twenty-five members of the Holder family assembled. In the evening there was music and singing, which was greatly enjoyed. Elegant refreshments were served during the evening, and altogether those present were delighted with both functions.

It has been decided that we are entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for prior to October 15th, 1905. Subscribers who have paid for the paper since June 14th are entitled to vote. Coupons can be obtained at this office.

The Twice-a-Week Sun being entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for, the ladies of Kirby Smith Chapter, U. D. C., take this method of notifying those who pay their subscriptions prior to 7 o'clock p. m. of October 14th, 1905, or who have paid since June 14th, 1905, that the Chapter will greatly appreciate their support. Should the Chapter win the library the reference books will be given to the Gainesville High School, where they are badly needed, and the others to the Hospital Association. Simply write the editor of The Sun to permit Mrs. J. F. McKinstry, Jr., to cast your vote, and the ladies will greatly appreciate same.

DR. STROUSE IN OREGON.

Writes That Next Season's Program Will be Better Than Ever.

Dr. Clarence B. Strouse has gone to Portland, Oregon, after having assisted in a glorious revival in San Francisco, California.

Dr. Strouse writes a friend in this city that he has been steadily employed in selecting a program for the Bible Conference, Christian Workers' Institute and Chautauqua next year, and was gratified to announce that he has secured many of the leading Bible scholars and platform lecturers of the United States, and that the program for next season will be the best of the kind ever presented in Florida. Dr. Strouse states that he considers the enterprise now on a solid footing, and that he exercised every precaution to secure the best talent. "Your people will be surprised next year at the number who will attend these events," continued the writer. "I know of several prominent people who will come all the way from California, Oregon, and other far Western States, and who will spend the entire time with us in Gainesville. By their visit it is possible that we may gain a few permanent residents, as the eyes of the people of the West are now on Florida, with Gainesville as a center."

JUDSON JOTTINGS.

Rain Has Damaged Cotton Crop. Pickers Scarce—Personal Notes.

Judson, Aug. 12.—Mr and Mrs. W. H. Tucker of Newberry are here visiting relatives and friends.

Dr. O. S. Clyatt made a flying visit Tuesday to Donnellon on business matters best known to himself.

W. B. and F. N. McElroy are visiting Eugene McElroy of Ozona this week. C. W. McEl... and son, Oscar, of Double Sink were here today on business.

The recent heavy rains have filled up the flat woods and put every creek to running. It did quite a lot of damage to the cotton crop that was open, causing it to sprout and rot in the bolls. About one-fifth of the crop was considered opened and had not been picked out. Cotton pickers are very scarce in this district owing to the public works that are being carried on in the county, paying better wages than can be made picking cotton.

R. S. Tucker is ... for ...

THE MORE HE SEES THE BETTER PLEASED

That is the Way President Sledd Expresses Himself.

UNIVERSITY LOCATION GOOD

Land is High and Rolling and Must Necessarily be Healthy—Dr. Sledd Came to Consult With Prof. Conner on Experimental Farm.

Dr. Andrew Sledd of Lake City, President of the University of Florida, was among the prominent arrivals at the Brown House yesterday.

Dr. Sledd came by appointment to meet Professor C. M. Conner, professor of agriculture of the University, who has been absent on his annual vacation for the past thirty days. Prof. Conner was expected on the noon train from North Carolina, where he has been sojourning, but failed to come. Dr. Sledd was naturally disappointed, inasmuch as he was compelled to leave on the 2 o'clock train for Jacksonville, but he made a survey of the situation here and left instructions for Prof. Conner to go over the grounds intended to be used for an experimental farm and report to the joint board at its meeting in Jacksonville on Monday.

The object of this visit was for Dr. Sledd and Prof. Conner to jointly make a thorough investigation and look over the situation with reference to locating the experimental station. After it was ascertained that Prof. Conner would not arrive until the evening train, President Sledd reviewed the situation himself, leaving definite instructions for Prof. Conner.

Dr. Sledd stated that the more he saw of Gainesville and its people and the new University grounds, the better he was pleased. He believes no better grounds for the purpose could have been selected in Florida and feels that the new University is going to prove a big success from this standpoint. "The land is high and rolling and must necessarily be healthy," he remarked. "I am quite sure that no better selection for university purposes could have been made anywhere."

THE YELLOW FEVER.

Twenty-Six New Cases and Three Deaths Reported.

New Orleans, August 13.—The yellow fever situation, despite the work of the doctors, is not very encouraging. Up to noon today there were 26 cases and three deaths added to the list. Those not reporting cases will be jailed when found out. Although the spread of the disease is not abating, the death rate is not increasing. There is every prospect of a long struggle with the disease, which may continue until after frost.

Cairo, Ill., August 12.—The authorities have put a ban on banana messengers. The cars have been shown to contain mosquitoes.

Montgomery, Ala., August 12.—Minnett, the patient here, will be sent to Atlanta.

POLITE IN TROUBLE.

Is in Jail, Charged With Attempted Murder of Will Gridiron.

Deputy Sheriff Elias A. Osteen of Willeford was in the city Saturday, having brought H. Polite, a negro, charged with assault with intent to kill Will Gridiron, another colored man, near Willeford. It is said that the fracas was general, and several others may be implicated before the matter is finally settled.

Large Flow of Water.

Alderman H. E. Benson is one of the happiest men in the city over his efforts to secure a greater supply of water at the waterworks springs, and the people will rejoice with him, for if his endeavor proves lasting, it will be worth a vast sum to Gainesville. He informs The Sun that he has struck a stream of the same pure water as the old spring thirteen feet from the reservoir with a pressure of twenty inches. A pump was attached and after six hours' pumping at the rate of seven thousand gallons per hour, the pressure was not lessened in the least. Mr. Benson says there is no doubt of the supply being inexhaustible, and he is being congratulated on all sides over his success. If any one doubts the statement, the pump is still in place to prove the truth o...
